

# Standard Printer TTP-244 Plus

*The TTP-244 Plus is ideal for customers looking for a high quality barcode printer, coupled with low ownership costs.*

TTP-244 Plus is competitively priced, comes with a two-year warranty, and accommodates a 300-meter-long ribbon, which keeps both daily and lifetime operating costs lower than other comparable printers.

The TTP-244 Plus offers the largest media and ribbon capacities in its class. Unlike most printers, it can easily handle both a 300-meter ribbon and a full 8-inch OD roll of labels. With its fast print speed, along with the largest memory capacity in its class, the TTP-244 Plus easily outperforms the competition.

With its small, compact footprint and dual-motor design, the TTP-244 Plus is perfect for a wide variety of label and tag printing applications – everything from shipping labels to compliance and general purpose product-identification labels & tags.

## TECHNICAL SPECIFICATIONS
