Standard Printer
TDP247 . TDP345

Fast economical printer performance in a small footprint

The TDP-247 series features two fast models. The TDP-247 printer is a 203 dpi resolution, 4" wide printer that prints at speeds up to 7 inches per second. The TDP-345 printer offers high resolution 300 dpi printing at speeds up to 5 inches per second.

The easy to load center-biased clamshell design holds a large roll of labels and fits into areas other printers cannot and integrates easily into a wide range of applications. Simply open the cover and drop your labels into the printers. Top of form sensing by gap, black mark, or notch is standard and completely adjustable from side to side.
